

## List of Materials

The Customs Broker Exam Prep Course offers the best selection of test preparation materials available today. By using technology, communication, and customization, The Customs Broker Exam Prep Course strives to give you exactly what you need to prepare for the test in the way most convenient to you. Below, you will find a detailed list of what comes with each study option.

### All study packages include:

Each student will receive a 30-chapter Exam Guide and Study Manual, Flash Cards, the past CBP exams since 1997 on CD, and 1000 plus prior exam questions with explanatory notes on CD broken down into topics -- you can't find this any where else!

The Exam Guide and Study Manual is organized by topics regularly tested by CBP. It also includes sample forms and reference materials. The student will have access to our exclusive Student Help Page or Student Help Page PLUS. The student can also contact Tom O'Leary, the course instructor, at any time with questions about course material. Online Video Lectures and an Online Interactive Test center is available for students who choose the internet learning package.

CBP allows any written materials in the exam room. The CBprepcourse Exam Guide and Study Manual is the best resource to have on test day. Our book organizes the Customs regulations into an easy format so that anyone can apply that information immediately to real test questions from prior Customs Exams. Check it out for yourself – see our table of contents from the “Samples” page on our website.

Each study package is customized for a different type of student. Read below to find out which package is right for you.
